

Coconut Kisses

Words & Music by Erika Paul
From the cd entitled, "Expressions Of Love"

Why is it
When we kiss
We both croon
For a macaroon?

It's when I'm gone
And far from home
I think of you
And Coconut Kisses

I never knew a taste
Could go so deep
It's on my mind
When I'm in my sleep

And when you're not here
By my side
The thought of those kisses
Helps me survive

Why is it
When we kiss
We both croon
For a macaroon?

It's when I'm gone
And far from home
I think of you
And Coconut Kisses
