

## Dead's Dead

Words & Music by Erika Paul  
From the cd entitled, "Adolescent Drama"

We are the dead, we say dead is dead  
We are the dead, we say dead is dead

Shuffle up those cards again  
Shuffle up those cards my friend

We are the dead, we say dead is dead  
We are the dead, we say dead is dead

Join us while we sit around  
Waiting for the judgement  
Join us while we sit around  
Waiting for the judgement

We are the dead, we say dead is dead  
We are the dead, we say dead is dead

Here come the worms, we are just fish food  
Here come the worms, we are just fish food

We've been here so long  
We're starting to grow algae  
We've been here so long  
We're starting to grow algae

We are the dead, we say dead is dead  
We are the dead, we say dead is dead

(Repeat and fade)

Optional improvised solo sung over the top:

Dusty, crusty, full of fleas  
Purgatory is for sleaze  
Waiting, boredom, I'm confused  
How much longer, will it seize? (etc...)
