

Hell

Words & Music by Erika Paul
From the cd entitled, "Adolescent Drama"

We want your soul forever, we want your soul forever
We want your soul forever, we want your soul forever

We get high, control your mind
We do the crime, we do the time

We want your soul forever, we want your soul forever
We want your soul forever, we want your soul forever

We're possessed, we're repressed, anarchy, suffering

We want your soul forever, we want your soul forever
We want your soul forever, we want your soul forever

Addiction, suicide, insomnia, depression
Destruction, oppression, confusion, insanity

We want your soul forever, we want your soul forever
We want your soul forever, we want your soul forever

Rape, guns, death, crime
Toil, sin, drugs, kill
Demons, chaos
Grief, steal, jail, burn
Gang war, murder
Control, rebel
Money, greed, stress
Hatred, flesh feast

We want your soul forever, we want your soul forever (repeat and fade)

Optional improvised vocal solo over the top:

I'm in pain, I hate this place
Burning flesh and no relief
The smell of hate
The hopelessness
This is forever...(etc...)
