

## Let's Mambo Tonight

Words & Music by Erika Paul  
From the cd entitled, "Jumpin' Jelly Beans"

There's a place I know  
Where we can dance  
To the tunes in mambo time  
If we wait too long  
We'll miss the chance  
For no reason or rhyme

Like a hot night  
And a summer breeze  
In Havana or Peru  
There is one thing I can't do enough  
It's to dance here with you

Take my hand  
Yes, tonight's the night  
And the beat is right  
For a smooth jazz dance

Now's the time to let the world go by  
We won't let the band go home  
Who knows what tomorrow has in sight  
So Let's Mambo Tonight

Take my hand  
Yes, tonight's the night  
And the beat is right  
For a smooth jazz dance

Let's Mambo Tonight!
